

## Full Scientific Program – Final Online Version

*Any further late changes to this program will be communicated to delegates at the Congress*

We are pleased to welcome over 320 delegates from across the world to the 21<sup>st</sup> Congress of the European Psychiatric Association Section of Epidemiology & Social Psychiatry.

Over our 4-day program, delegates will contribute almost 350 presentations at our Congress, from internationally-renowned plenaries through to the latest research presented as part of themed symposia, parallel oral sessions, or posters.

The full 4-day program can be found overleaf. Each session is organised by Session ID and Presentation ID.

## POSTER PRESENTATIONS

We have poster sessions on Thursday 12<sup>th</sup> and Friday 13<sup>th</sup> September. Posters will be available for viewing each day in Hall 1130/1131. The main poster viewing session each day will take place during the poster session (13:00 – 14:00) when presenters have been asked to stand next to their posters.

Abstracts for all posters can be found in our online abstract book at

<https://www.psychepi.org/congress/epapsyepi24-programs/>

Poster Prizes will be awarded to the two best ECR poster presentations at our Congress, to be judged by members of our Scientific Committee and announced during our Closing Ceremony. Poster judging will take place on Thursday and Friday, from 13:00 – 14:00. Delegates may join one of the poster tours led by a member of our Scientific Committee each day. If you wish to do so, please meet at the first nominated poster in each poster tour at 13:00. The first nominated poster of each of the tours on Thursday and Friday is shown below, immediately after the title heading. Poster presenters in each tour will give a 1 to 2-minute presentation of their poster followed by time for questions.
