

Outline Program – Final Online Version

Any further late changes to this program will be communicated to delegates at the Congress

We are pleased to welcome over 320 delegates from across the world to the 21st Congress of the European Psychiatric Association Section of Epidemiology & Social Psychiatry.

Over our 4-day program, delegates will contribute almost 350 presentations at our Congress, from internationally-renowned plenaries through to the latest research presented as part of themed symposia, parallel oral sessions, or posters.

The full 4-day program can be found overleaf. Each session is organised by Session ID and Presentation ID.

For the final version of our Full Scientific Program and Abstract Book, visit:
