

Outline Program – Final Online Version

Any further late changes to this program will be communicated to delegates at the Congress

We are pleased to welcome over 320 delegates from across the world to the 21st Congress of the European Psychiatric Association Section of Epidemiology & Social Psychiatry.

Over our 4-day program, delegates will contribute almost 350 presentations at our Congress, from internationally-renowned plenaries through to the latest research presented as part of themed symposia, parallel oral sessions, or posters.

The full 4-day program can be found overleaf. Each session is organised by Session ID and Presentation ID.

For the final version of our Full Scientific Program and Abstract Book, visit:

https://www.psychepi.org/congress/epapsyepi24-programs/

Wednesday 11th September

Time/Session	n ID	Session Title	Room
14:00-15:00		ECR WORKSHOP	
	W01	Introduction to health data linkage - methods and challenges	2013
		Amelia Jewell, Hannah Woods, Katrina Davis	
	W02	How to get your grant applications funded?	A2064
		Arnstein Mykletun, Haukeland University Hospital, Bergen, NO	
	W03	Challenges and Advances in Analysis of Ambulatory Monitoring Data:	2055
		mMARCH Experience	
		Mathilde Husky, University of Bordeaux, FR; Kathleen Merikangas,	
		National Institute of Mental Health (NIMH), Bethesda, USA; <u>Vadim</u>	
		Zipunnikov, Johns Hopkins School of Public Health, Baltimore, MD,	
45.00.45.00		USA; <u>Debangan Dey</u> , NIMH Intramural Program, Baltimore, MD, USA	
15:00-15:30	14/02	ECR WORKSHOP	12074
	W02	How to get your grant applications funded? (cont.)	A2064
	14/02	Arnstein Mykletun, Haukeland University Hospital, Bergen, NO	2055
	W03	Challenges and Advances in Analysis of Ambulatory Monitoring Data: mMARCH Experience (cont.)	2055
		Mathilde Husky, University of Bordeaux, FR; <u>Kathleen Merikangas</u> ,
